### **Member Profile – Gary Ford & Kathy Kissane**

Self employed wholesale Nursery Man.

I have been riding road bikes for 37-years, and paddock bashers 5 5-years prior to that.

I currently have a 1998 Honda Valkyrie that has been in my possession since 2003, and before that a 1974 Honda Four K2 that I brought new. I still own it but it requires a top-end rebuild.

My first bike was a M20-500cc BSA that I brought for the princely sum of Ten Dollars.  
I had a lot of fun riding that bike with my mate Robin Finch who had a 750cc Indian.

These days Kathy and I enjoy Sunday day trips in search of large Rump Steak meals at all of our favourite pubs.

I have put 125 thousand kilometres on the Valkyrie since the 18/8/2003.

I also enjoy doing some woodturning checking first that none of my carpet snakes are sleeping in the wood lathe.
